

# THE KARATEDO FEDERATION OF HONG KONG, CHINA LIMITED

## SELECTION POLICY

### Background

1. This Selection Policy was formulated by the Karatedo Federation of Hong Kong, China Limited (the “Federation”) and the Head Karatedo Coach of Hong Kong Sports Institute (“HKSI”).
2. The General Committee (“GC”) of the Federation approved this Selection Policy on 31-08-2020. The General Committee has the authority to refine and make minor adjustments to this Selection Policy to suit changes in circumstances.

### Purpose

3. The purpose of this Selection Policy is to outline the eligibility and selection criteria for athletes and conducted in a fair, open and just manner:
  - (a) joining the Feeder System Scheme<sup>1</sup> of the Federation;
  - (b) joining the elite training programmes of the HKSI; and
  - (c) participating in overseas tournaments in the name of “Hong Kong, China”.Other associated issues are also covered.
4. For the avoidance of doubt, this Policy does not apply to:
  - (a) selection of athletes for participating in those overseas tournaments for which the organisers have overriding eligibility and selection criteria (e.g. the Olympic Games, the Youth Olympic Games and the Asian Games); and
  - (b) selection of participants in HKSI’s elite training programmes for competing in those overseas tournaments that HKSI decides on its own as part of the training programmes (e.g. the U18/Senior China National Championships Series, Premier League and Series A of the World Karate Federation (“WKF”) as well as WKF’s World Youth Cup and WKF’s World Youth League).

---

<sup>1</sup> The Feeder System Scheme is including Pre-squad and Pre-preliminary Training Programme of Federation.

## General Policies

5. The overriding principles for the selection process are impartiality, integrity, transparency and fair play.
6. The Federation and HKSI work as partners in formulating this Selection Policy and in its implementation.
7. The Federation will assume responsibility for selection of athletes to participate in tournaments in the name of “Hong Kong, China”. The Federation will not assume responsibility for any matters relating to members’ participation in overseas tournaments as individuals not representing “Hong Kong, China”, or in the name of entities other than “Hong Kong, China” (e.g. participation in World University Karate Championship by university athletes in the name of “*The University Sports Federation of Hong Kong, China Ltd.*”).
8. The Federation will not assume responsibility for any matters relating to members’ participation in overseas tournaments on a self-funded basis and by-passing the Federation’s competitive selection process unless otherwise specified (*re. Annex E*).
9. All the referees and judges are accredited by the Federation. To avoid conflict of interest, a referee and judge will not take part in a match where the contestant belongs to the same karate organisation as the referee or judge<sup>2</sup>. For the avoidance of doubt:
  - (a) “organisation” is defined as the organisation registered in Hong Kong under the Societies Ordinance (Cap.151), Laws of Hong Kong, not a karate style headed by a grandmaster (past or present, local or overseas)<sup>3</sup>;
  - (b) a referee or judge will not be debarred from acting as such because he/she belongs to the same organisation as any member of the General Committee.
10. To ensure the representativeness of the judges in a match, they should belong to different karate organisations. Where this cannot be arranged because of the availability of judges in the match, the referee council's director or his/her representative in the tournament/competition may approve exceptionally the deployment of two (but not more) judges who belong to the same karate organisation.

---

<sup>2</sup> Refer to the Article 4 & 12 of WKF’s competition rules for the definition of referee and judge.

<sup>3</sup> In circumstances where two or more locally registered karate organisation belong to a separate locally registered karate organisation, whether the connectedness of the lower-level organisations will lead to a conflict of interest between them for the purpose of refereeing will have to be determined by the organisations themselves and reported to the Federation.

In real situation, such circumstance often occur in East Asian Karate Federation Championship.

11. The Federation will invite all accredited referees/judges by open recruitment on an annual basis, publish a master roster list and announce it via the Federation's website. All of the referees/judges are required to sign the Declaration of Conflict of Interest form (Attached in Code of Conduct).

### **Steps to Success - The Promotion Ladder**

12. The Federation organises on an annual basis a total of 4 local competitions. Athletes who achieved the top 5 places in these annual events may be invited to join the Feeder System Scheme organised by the Federation. (Details are stated at *Annex A*.) For the safety reason, Federation will recruit in the following requirements if the number of the applicants exceeds the capacity of the training area.
  - a.) The first to third places winners will be the first priority;
  - b.) The two 5<sup>th</sup> places will be the second priority.
13. *Annex B* shows the promotion ladder that an athlete has to climb to become a participant of HKSI's elite training programmes.
14. Where places are available in the junior classes of the Federation's Feeder System Scheme, the Coaching Council may accept, on an exceptional basis, nominations from dojos of gifted youth to fill up the vacancies.
15. Participants of the Federation's Feeder System Scheme will compete with participants of HKSI's elite training programmes for taking part in overseas tournaments.
16. Participants of HKSI's elite training programmes will consult the Head Coach of HKSI and agree on the specific overseas tournament they should compete for. Some tournaments can be accepted a self-funded basis (*re. Annex E*).
17. Enrolment in HKSI's elite training programmes is for 12 months only beginning 1 April. It is dependent on achievements in overseas tournaments as depicted in the 2 tables at *Annex C* which also show the performance-based status of the participants.
18. Continued enrolment in HKSI's elite training programmes for a further 12 months beginning 1 April is dependent on (i) the trainee's achievements in overseas tournaments in the immediate past 12 months as depicted in the 2 tables at *Annex C*

and (ii) the performance in and commitment to HKSI's training programmes as assessed by the Head Coach of HKSI.

19. HKSI provides a potential training programme for the following athletes to join its formal elite training programmes beginning 1 April but without the status and benefits normally afforded to the participants of such programmes:

- (a) immediate past participants (full-time athlete only) of HKSI's elite training programmes who fail to secure enrolment for a further 12 months because of failure to gain the minimum achievements in the past calendar year (*re. Annex C*), and
- (b) participants of the Federation's Feeder System Scheme who fail marginally to meet the required level of achievements in the past calendar year (*re. Annex C*); "marginally" is defined as a shortfall by either "one participating country", "one participating athlete" in the assessment of "top 1/3" or "top 1/2", or "one ranking in the order of rankings";
- (c) participants of the Federation's Feeder System Scheme who are selected to EV-3 or above events will be eligible to train at HKSI as a potential athlete until the event finished;
- (d) participants of the Federation's Feeder System Scheme who are endorsed by the Federation to apply for the following Elite Training Grant year;
- (e) participants of the Federation's or HKSI's training programmes who are achieving in WKF general ranking within:
  - i. Top 100 for senior athletes
  - ii. Top 20 for Junior athletes

The length of the training periods of these potential elite trainees are prescribed. At the end of the training periods, a determination will be made by the Head Coach of HKSI as regards whether the trainees should be enrolled or re-admitted to HKSI's elite training programmes based on their achievements in overseas tournaments (*re. Annex C*).

## **Selection of Athletes to Compete in Overseas Tournaments**

20. Selection of athletes to compete in overseas tournaments is made from among trainees in the Federation's Feeder System Scheme and HKSI's elite training programmes except China National Series (*re. Annex D*). HKSI Head Coach presides and oversees the selection and the proceedings. He has the discretion to settle the matters of selection after full consideration of the actual situation.

25. With 3 to 5 athletes competing, the round robin system will be adopted. In the event two athletes have the same number of winning matches, a match will be arranged for them to decide on their exact ranking. The operation of the round robin system among 5 athletes is illustrated as follows:

<b>Athlete</b>	<b>Match 1 result</b>	<b>Match 2 result</b>	<b>Match 3 result</b>	<b>Match 4 result</b>	<b>Number of matches won</b>	<b>Ranking</b>
Athlete A	Lose	Lose	Lose	Lose	0	5 <sup>th</sup> place
